“Struttin’ for Strings 5K” Individual Sponsorship Form

The purpose of this event is to generate awareness of and support for the Florence City Schools Orchestra. Proceeds will directly benefit students in the orchestra program by providing instruments, concert music, and supplies.

The Florence City Schools Orchestra program currently serves approximately 150 students in grades 6-12. In the last 7 years the program has grown from a dozen students to its current state. It's an exciting time in the orchestra department. We would love to have you join us!
